AFTERMARKET

MORE PRESSURE = MORE POWER...

Drop-in Fuel Modules for various Ford F150 and other Ford trucks

Easy install for various Ford F150 and other Ford trucks

Kit includes flanges and fuel level sensors

Model #TU269SF, TU270SF, TU271SF & TU272SF Modules

In-Tank Dual Pump Kits

Easily installed in most in-tank applications for wide variety of vehicles

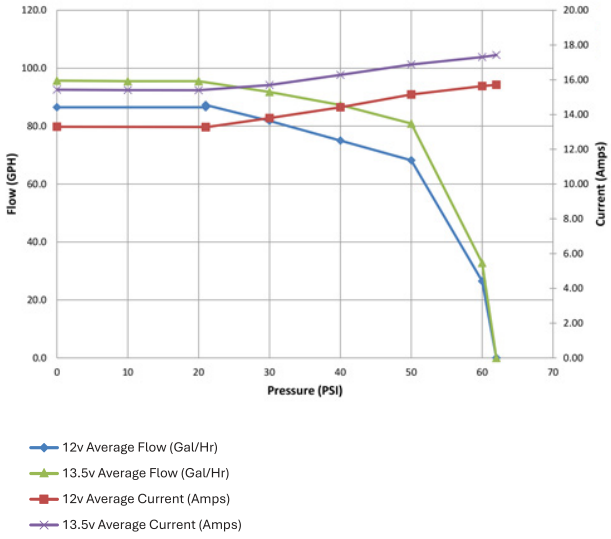

Kit includes all parts required for a reliable OE-style fitment

Easily modified for use in most applications

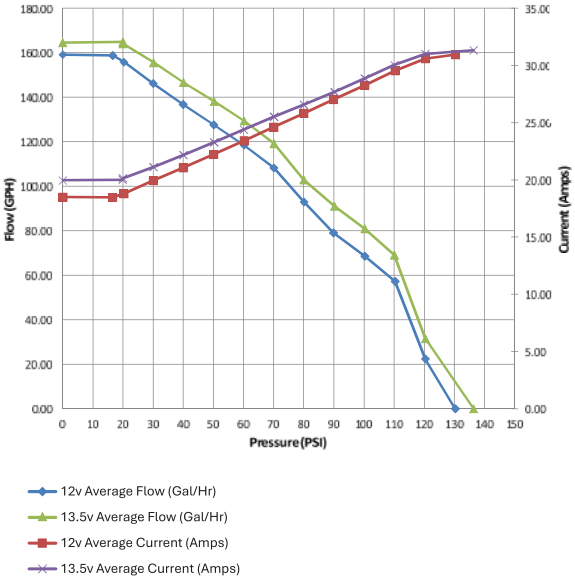

Model #TCA946, TCA947 & TCA948 Kits

* Professional installation recommended.

Typical F150 Dual Pump Max System Pressure 87 PSI

Typical TCA946 Dual Pump Max System Pressure 87 PSI

About TI Automotive Aftermarket

TI Automotive Aftermarket manufactures a complete line of fuel pumps, accessories, pump kits, and fuel modules for the high-performance aftermarket. Approximately two-thirds of the vehicles produced around the world feature TI Automotive's products and technology. TI Automotive's award-winning fuel delivery system technology is featured on some of the world's highest performing production vehicles and supercars.

Walbro Automotive Fuel Pumps are now TI Automotive Aftermarket

TI Automotive Aftermarket has been the official brand name of Walbro automotive fuel pumps since 2014. For decades before the name change, TI manufactured the aftermarket's most popular drop-in fuel pumps under the Walbro brand. While the name has changed, we're still delivering the performance, quality and reliability you know and expect.
