HIGH PRESSURE GAS IN-TANK POSITIVE DISPLACEMENT PUMPS

GSS HIGH-PERFORMANCE FUEL PUMPS

TI Automotive Aftermarket fuel pumps with brush motors are available in multiple sizes and materials for gasoline applications. With a comprehensive line of gear driven pumps available with brush configurations, TI Automotive Aftermarket pumps are designed for reliable, efficient and quiet performance.

Features and Benefits:

- Fuel pump technology built to exceed OE specifications
- Positive displacement OE gerotor
- High flow rates available (up to 350 LPH)
- High pressure performance (up 112 psi) with minimal flow loss
- Superior hot fuel handling performance

MORE PRESSURE = MORE POWER...

High pressure GSS Pumps

F20000311 = GSS340 with a higher pressure relief. 22mm center inlet

F20000312 = GSS341 with a higher pressure relief. 11mm inlet, 180 degrees from the outlet

F20000313 = GSS342 with a higher pressure relief. 11mm inlet, in line with the outlet

Higher pressure relief for cars that require a higher fuel system pressure than that which can be supported by GSS340, GSS341, GSS342

Great for forced induction (turbocharged, supercharged) applications

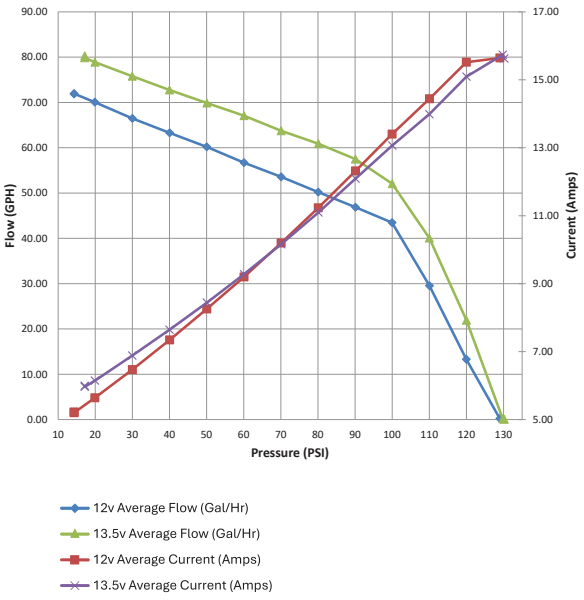

255 lph pumps can support 500 horsepower

Proven, robust gerotor technology

OE quality

* Professional installation recommended.

Typical GSS340, GSS341, GSS342 Flow

GCA340G3: Fuel Pump and Kit

GCA341G3: Fuel Pump and Kit

GCA342G3: Fuel Pump and Kit

About TI Automotive Aftermarket

TI Automotive Aftermarket manufactures a complete line of fuel pumps, accessories, pump kits, and fuel modules for the high-performance aftermarket. Approximately two-thirds of the vehicles produced around the world feature TI Automotive's products and technology. TI Automotive's award-winning fuel delivery system technology is featured on some of the world's highest performing production vehicles and supercars.

Walbro Automotive Fuel Pumps are now TI Automotive Aftermarket

TI Automotive Aftermarket has been the official brand name of Walbro automotive fuel pumps since 2014. For decades before the name change, TI manufactured the aftermarket's most popular drop-in fuel pumps under the Walbro brand. While the name has changed, we're still delivering the performance, quality and reliability you know and expect.
